DESCRIPTION

Property 1633097717 - MONTERONI D'ARBIA

5 Bedrooms

Location and Surrounding Area

Immersed in the peaceful Tuscan countryside, this magnificent masterfully-restored estate is ideally located to explore the region's cultural highlights and most spectacular natural wonders. With wonderful views of the surrounding countryside, this exclusive five-bedroom property is the perfect location for unforgettable day trips to the most beautiful towns in Tuscany and provides a unique opportunity to admire its splendid landscapes while soaking up the region's incredibly rich historical and cultural heritage.

In half an hour by car, you can reach the medieval town of Siena. Its ancient red brick buildings, the scallop-shaped main square Piazza del Campo and the Cathedral Square, dominated by the zebra-striped Duomo, make it an absolute must for anyone traveling to Tuscany. Effectively an open-air museum celebrating the Gothic, Siena boasts secular monuments that have retained both their medieval forms and their exceptional art collections, providing plenty to marvel at.

The property is a few kilometers from Montepulciano. Exploring the medieval town of Montepulciano, perched on a reclaimed narrow ridge of volcanic rock, will push your quadriceps to failure point. When this happens, self-medicate with a generous pour of the highly reputed VINO Nobile. In one hour by car, you can reach San Gimignano, one of the best-preserved medieval towns in Italy. Although the town is small, there is enough art, architecture and fine food to keep you busy for more than one day.

The property is also a few kilometers from Volterra, one of Tuscany's most dramatic hilltop towns. Despite its many attractions, Volterra sees fewer tourists than other Tuscan towns, so you can expect to share its winding stone streets with locals and explore its ancient sites without crowds. Founded by the Etruscans and surrounded by medieval walls, Volterra has a notable historic center filled with fascinating Roman ruins, medieval buildings and alabaster workshops.

In one hour and thirty minutes by car, you can also reach Florence, a treasure trove of art with an astonishing contemporary vibe. Beyond the extraordinary artistic heritage, a testimony to its centuries of civilization, the best way to enjoy Florence is to stroll along the riverside avenues at sunset, or to get lost among the city's myriad alleyways of the bohemian Oltrarno or the narrow little streets of San Niccolò, where it feels like you have ended up in another time along its centuries-old walls.
