DESCRIPTION

Property 1651263758 - ANACAPRI

4 Bedrooms

Location and Surrounding Area

Located on Capri, the most beautiful island in the Bay of Naples, this exclusive four-bedroom villa is ideally situated to offer tranquillity to its guests, providing a matchless seaside retreat in southern Italy. Capri, a popular destination since the 19th century, is notable for its residences, gardens, and Roman ruins. With its whitewashed buildings and car-free streets, Capri exudes a cinematic air. Steep cliffs rise majestically from an impossibly blue sea, elegant villas are draped with wisteria, and even the trees seem to be carefully manicured.

Located in Anacapri, the villa is just a stone's throw from Villa San Michele. Villa San Michele, the former home of Swedish doctor, psychiatrist, and animal rights advocate Axel Munthe, should be included on every visitor's itinerary. Built on the site of the ruins of a Roman villa, the gardens provide a charming setting for a tranquil stroll, with pathways flanked by immaculate flowerbeds. If you are here between June and August, you may be able to catch one of the classical concerts that take place in the gardens.

Capri's most famous attraction is the Grotta Azzurra, an unusual sea cave illuminated by an otherworldly blue light. The easiest way to visit is to take a boat tour from Marina Grande, which is just a few kilometres from the villa. Beautiful though it is, the Grotta is extremely popular during the summer. Sunlight enters through a small underwater aperture and is refracted through the water. This, combined with the reflection of the light off the white sandy seafloor, produces the vivid blue effect to which the cave owes its name.

Capri's best beach is at Marina Grande, where you will find a little sand amongst the pebbles. Unsurprisingly, it is perennially popular with families. From here, small boats will ferry you over to the popular swimming spot, Bagni di Tiberio. The villa is also a few kilometres from Villa Jovis. Villa Jovis was the largest and most sumptuous of twelve Roman villas commissioned by Roman Emperor Tiberius on the island of Capri, and it was his main island residence.

This vast complex, now reduced to ruins, famously catered to the emperor's supposedly debauched tastes and included imperial quarters and extensive bathing areas set in dense gardens and woodland. It is located a 45-minute walk east of Capri Town along Via Tiberio. Beside the ticket office is the 330-metre-high Salto di Tiberio, a sheer cliff from which, as the story goes, Tiberius had out-of-favour subjects hurled into the sea. True or not, the stunning views are real.
